Washington, D.C. 20017

STATINTL

Dear Mrs. 

The Superintendent, Lt Gen K. L. Tallman, has been advised by his Staff Judge Advocate that the relevant DOD directives and Air Force regulations permit polygraph examination by the CIA of AFA cadets volunteering for summer research with the CIA upon approval of the Air Force Office of Special Investigations (AF/OSI). Accordingly, subject to necessary approval of polygraph examinations, the Superintendent approves of the proposed cadet summer research with your agency.

I believe it will be very helpful if OSR will arrange for appropriate Agency personnel to brief Academy officials and volunteering cadet candidates on the clearance requirements and on the intended research areas. If you are agreeable and can identify the relevant Agency personnel to me, I will arrange the appropriate meetings here.

Please let me know of any assistance I can provide.

Sincerely

L. D. BADGETT, Colonel, USAF
Professor and Head
